MEMORANDUM FOR MR. LADD

While on the Complaint Desk a Mr. Browning who stated he was connected with the Civil Service Commission telephonically communicated with the writer. Mr. Browning desired to be advised whether information obtained by one posing as a meter reader might be introduced as evidence into a court of law.

Since the question broached by the caller was purely a legal matter, it was suggested that he might desire to contact someone in the Department of Justice who would no doubt be in a position to discuss the matter with him.

On February 7, 1944, Mrs. [REDACTED] New York City, c/o the [REDACTED] estate, and a resident of [REDACTED] telephonically contacted the Bureau and was referred by the Director's Office to the Interview Room. She complained about eating food which irritated her throat. She stated that she wanted to submit a piece of pie obtained from a local French pastry shop to the Bureau for examination since it was feared she was about to be poisoned. She indicated that arsenic had been placed in her milk also. She was referred to the New York Police Department but went into an harangue about "Jews, Nazis, and Communists dominate that police force." She indicated that she had formerly communicated with Governor Dewey in this matter. She was very belligerent when politely advised of the Bureau's lack of jurisdiction.

*b7C-1* Five minutes later, Mrs. [REDACTED] called back again on the phone and advised that she was trying to obtain air tickets for herself and a friend to travel to Palm Beach, Florida, and insisted that the FBI help her. She was referred to her local Office of Defense Transportation and again was angered because the Bureau would not help her although advised we had no jurisdiction.

ACTION TAKEN

None. This woman is apparently a dowager of some social connection but is definitely a crank.

Re: UNKNOWN SUBJECT; Passing of Worthless  
Checks, Martinsburg, West Virginia -  
Informant

Telephone Calls

b7c-1 At this time a telephone call was referred from your office to the writer and Mr. [redacted] who stated he was a representative of the [redacted] Martinsburg, West Virginia, advised he had some information which he wished to make available to the FBI. Mr. [redacted] stated that an unknown individual who was believed to be a young girl had been passing bad checks in Martinsburg, West Virginia, drawn on persons who were well known in that vicinity. The checks were drawn on local banks and it was Mr. [redacted] opinion that this individual had also operated in Egerstown, Maryland. The checks presented for payment purported to represent payment for services rendered and a number of merchants in Martinsburg had been fleeced of their funds.

b7c-1 While talking to Mr. [redacted] he indicated a newspaper reporter was in his office at the time to issue a local statement on the activities of this individual.

He was advised that since none of the checks moved in interstate commerce the FBI would have no jurisdiction. It was explained to him in detail the jurisdiction of this Bureau in cases of this nature and that if he subsequently came into possession of information indicating a violation he could communicate with the Huntington Field Division at Huntington, West Virginia.

Action to be taken

TELEPHONE CALL FROM MRS. [REDACTED]

b7c-1

[REDACTED] Mrs. [REDACTED] Arlington, Virginia telephoned me on March 6, 1944. She is the wife of former Special Agent [REDACTED] and she related the following story.

b7c-1

Her husband is now employed by the Lockheed Aircraft Company and is under the immediate supervision of former Special Agent in Charge, John Hanson, who is said to be in charge of the Plant Protection Department of that Company. On August, 1943, Mr. [REDACTED] was sent to England by the Lockheed Company on what Mrs. [REDACTED] termed a "highly confidential mission". Mr. [REDACTED] was supposed to remain abroad until six months after the expiration of the war. Shortly after his departure Mrs. [REDACTED] took up residence at her present address.

b7c-1

On February 22, 1944 Mrs. [REDACTED] happened to open a desk in her apartment which she had not looked into previously for about six weeks. This desk contained all of Mr. [REDACTED] personal papers and she stated that it was very apparent that it had been ransacked although nothing was missing so far as she could tell. Mrs. [REDACTED] went on to relate that she took the matter up with Mr. Blake, the manager of Colonial Village, and after an examination of her apartment he pointed out to her certain marks on the door jam which indicated, according to Blake, that the front door of her apartment had been forced open.

b7c-1

Mrs. [REDACTED] advised that because of the confidential nature of Mr. [REDACTED] assignment she was very much upset for fear that information in his personal papers might get into improper hands. Immediately after discovering that the apartment had been broken into she communicated by letter with Mr. Hanson, and at the time of her call she stated she had just received a letter from him in which he stated that she should report the matter to someone in the FBI and that if she did not do so he intended to report the matter to the Bureau himself. Mrs. [REDACTED] related further that she had recently received a mysterious letter from her husband in which he stated that he was returning to the United States immediately. She expressed the fear that something was wrong because her husband's return was not scheduled until six months after the war. The alleged break-in has not been reported to the police.

RECORDED INDEXED

I became a casual acquaintance of Mr. [REDACTED] and Mrs. [REDACTED] when [REDACTED] was assigned to the Indianapolis Office, which, I suppose, [REDACTED] 1944 reason Mrs. [REDACTED] called upon me. She is a very flighty and excitable individual. I have been confidentially advised that Mrs. [REDACTED] suspects her apartment was entered by Bureau Agents.

RECOMMENDATION: I do not think that this matter calls for any action, but I thought it should be submitted as a matter of record.

Re: DR. [REDACTED]

b7C-1

Dr. [REDACTED] has offered his services and cooperation to the Bureau several times since 1936 and has expressed great admiration for the Director and the Bureau.

b7C-1

In March, 1941, Dr. [REDACTED] contacted the Los Angeles Field Office and requested that the Bureau send him to South America where he could work in an undercover capacity because of his Spanish background. SAC Hood said Dr. [REDACTED] presented a rather seedy appearance, was a fast talker, and endeavored to impress one with his importance. He was informed the Bureau was not in a position to send anyone to South America for work of this type.

b7C-1

In July, 1941, the Office of Naval Intelligence furnished to the Los Angeles Field Office information to the effect that Dr. [REDACTED] had requested of the Los Angeles Chamber of Commerce the names of all industrial plants in the Los Angeles area which were engaged in defense production. He claimed to be in the employ of [REDACTED]

[REDACTED] In April, 1941, G-2, Ninth Corps Area, advised the Los Angeles Office that a confidential informant told them that one [REDACTED]

In April, 1941, SAC Hood, Los Angeles, submitted the following information which was quoted in the Espionage-G case entitled [REDACTED] with aliases":

Dr. [REDACTED] advised that he met [REDACTED] in March, 1939, in Berlin and she was a very influential person and very close to Adolf Hitler. He stated he had sent his card to her but she refused to see him, apparently because she did not wish to recognize him in this country. He stated he had dinner with her in Berlin and she attended a cocktail party he gave for high government officials, as he was attached to the Cuban Legation. He stated she was a very beautiful and influential woman. SAC Hood did not believe it desirable that any attempt be made to have this informant obtain any information about her.

b7C-1

On April 26, 1942 Dr. [REDACTED] wrote the Director giving information forth regarding persons in Mexico City. His letter was acknowledged on May 19, 1942 thanking him for bring this information to the Bureau's attention. There was a notation on the original letter reading: "No. Is a Communist."

*b7c-1* The captioned individual telephoned at 8:50 a.m. on this date and was referred to me from the Director's Office. She advised that she was calling from West Palm Beach, Florida, to complain about vice conditions in that locality and a failure on the part of the local police to take action in that regard or to extend protection to her husband and herself as a result of threats against their personal safety. These threats have been made, presumably by an alleged local bootlegger whose arrest Mrs. [REDACTED] caused recently for disturbing the peace at a late hour at night. The threats were oral in nature.

*b7c-1* She indicated that she had consulted the Chief of Police and the Mayor at West Palm Beach to no avail and that she was considering making an appeal to Mr. Early, the Presidential secretary, for intervention in the matter but preferred to secure the advice of the Bureau first. In this connection, she indicated that she and her husband, Colonel [REDACTED] and three sons are close friends of the President and that she was quite certain Mr. Roosevelt would be shocked to learn of the depraved conditions in Palm Beach.

*b7c-1* Mrs. [REDACTED] also informed she was positive that certain individuals of German background in business in Palm Beach were pro-Nazi in sympathy, although she gave no information tending to support such a contention.

ACTION

*b7c-1* Mrs. [REDACTED] was informed that any information in her possession regarding un-American activities on the part of any individual should most certainly be brought to the attention of the Bureau, either at Washington or through our office at Miami; however, any threats regarding her personal safety, unless transmitted through the mails, and matters of local vice conditions are subjects over which the Bureau has no investigative jurisdiction and would necessarily have to be handled by local Florida authorities.

I returned the call of Ex-Senator William Henry King. Apparently he is getting very absent-minded. He could not remember making the call although he undoubtedly did since the number given is his. He appreciated very much my calling him back and said that the matter must have slipped his mind and should he be able to recall it, he would get in touch with me.

Respectfully,

Robert C. Hendon

Office Memorandum • UNITED STATES GOVERNMENT

TO : MR. ROSEN  
FROM : G. C. GEARTY

GCG:DDM  
DATE: 4-22-44

SUBJECT:

b7c-1

On April 21, 1944, Mrs. [redacted] telephonically contacted the writer and furnished the following information:

b7c-1

A school teacher, identity unknown, in Detroit, Michigan, recently wrote a letter to a Dr. [redacted] Washington, D. C.. Dr. [redacted] desired to send a copy of this letter to a relative of hers and had a woman, who is a friend of Mrs. [redacted] make the desired copy. This third person telephonically furnished Mrs. [redacted] with the contents which, according to Mrs. [redacted] was nothing more than propa- ganda which if circulated would result in race prejudice. The letter went into great detail indicating the fact that the negroes in Detroit are gaining a dominant hand and that it was their intention to eventually obtain control of the city. This control is already evident in the school system and the motor transportation system. The writer of the letter stated that a white person attending one of the local schools was recently killed by a colored person and the matter was hushed up and no action was ever taken. Colored bus drivers are alleged to be passing up white people.

b7c-1

<sup>inspired</sup> Mrs. [redacted] stated that in her opinion the letter above mentioned was undoubtedly axis propa- ganda. I inquired of Mrs. [redacted] whether she had seen the letter and she replied in the negative. She also stated that she would be un- able to obtain a copy of it inasmuch as she had already requested the woman who had read her the contents to make a copy available and was refused. Mrs. [redacted] was specifically asked whether Dr. [redacted] whom she claimed to know very well, and this third person, whose identity she refused to furnish, were the type to be considered involved in unamerican activities and she stated that in her opinion they were both very loyal Americans and would do nothing which would at all re- flect on the country. She added she was merely reporting the matter so that the identity of the school teacher in Detroit might be determined so that it could be ascertained whether she might be subversive in her actions.

b7c-1

<sup>sent</sup> I told Mrs. [redacted] that the information she furnished would be given ap- propriate attention ~~and~~ it was my opinion that no violation of any statute over which this Bureau had jurisdiction had occurred, particularly in view of the fact that there was no indication that the writer of the letter had ~~not~~ asked Dr. [redacted] to circularize the letter but intended to merely voice her opinion of existing conditions in Detroit in a personal letter to Dr. [redacted]. For your information, Mrs. [redacted] is a member of the Speakers Guild in the District and also a member of the Community War Fund, 1101 M Street, N.W. I recently met Mrs. [redacted] at a social function at which time it was noted that she has a very vivid imagination and would jump to conclusions if given the opportunity. It is believed no action should be taken in this matter and the facts are being reported so that the call may be made a matter of record.

MEMORANDUM FOR MR. ROSEN

RE: [REDACTED] Informant  
 ALL INFORMATION CONTAINED HEREIN IS UNCLASSIFIED  
 DATE 1/24/93 BY SP4S RDD/BBB  
 MISCELLANEOUS INFORMATION CONCERNING

At this time, Mr. [REDACTED] of Columbia, was telephonically referred to the writer from the Director's Office.

Mr. [REDACTED] stated that in his office at that time were Mrs. [REDACTED] and Mrs. [REDACTED] both of Washington, D. C. Apparently, these ladies were attempting to record Articles of Incorporation given to them by [REDACTED]. The Articles of Incorporation were for the Brotherhood Foundation, whose ostensible purpose as related in the Articles of Incorporation was to bring about a better understanding and relationship among the peoples of the world. It was alleged to be a nonprofit organization and covered a multiplicity of endeavors.

According to Mr. [REDACTED] Mrs. [REDACTED] and Mrs. [REDACTED] stated that they saw [REDACTED] sign the name [REDACTED] to the affidavit attached to the Articles of Incorporation and they suspected that the entire thing was a fraudulent scheme. [REDACTED] paid each of these ladies \$5.00 a piece to sign the Articles of Incorporation.

Mr. [REDACTED] was asked if [REDACTED] had obtained anything of value from Mrs. [REDACTED] or Mrs. [REDACTED] and he stated that to the contrary they had both received \$5.00 from [REDACTED] for signing the affidavit.

I advised Mr. [REDACTED] that the facts as presented did not appear to constitute any violation within the Bureau's jurisdiction and suggested that he might wish to call this matter to the attention of the Corporation Counsel in the District of Columbia. He was thanked for his interest in reporting the matter to the Bureau.

I received a paid telephone call from LaPlata, Maryland, the individual calling being [redacted]. It appeared from the caller that he was under the influence of intoxicants. He stated he had some good leads on something and believed that the information would lead to an espionage ring. [redacted] referred to the fact that he was 100% American; that he was not an educated man; that he listened to stories over the radio and believed he had something of interest to us.

[redacted] requested that he be quietly contacted at [redacted] Pompton, Maryland, and would furnish an Agent with information he believed of value.

Recommendation

b7c-1

In view of the fact that [redacted] appeared to be under the influence of liquor it is believed no further attention should be paid to this call.

At 12:25 P. M., Mrs. [REDACTED] Daytona Beach, Florida, telephonically contacted the Bureau and was referred by the Director's Office to the Interview Room. She stated that she did not know whether she knew the writer or not but indicated that she had at one time "met" some FBI men in Detroit".

b7C-1

Mrs. [REDACTED] explained that she was calling with reference to the Democratic primary election being conducted this day, May 2, 1944, in the State of Florida. She said she was vitally interested in the outcome of the election since [REDACTED] was running for the position of Volusia County. She complained that certain unknown individuals had apparently damaged some of the voting machines being used in the election and requested that an FBI man be sent down immediately to investigate the failure of these machines to function properly. She had no information which would indicate that these unknown individuals had taken any action designed to effect the outcome of the election.

### ACTION TAKEN

*cf. telephone calls*

b7C-1

It was explained to Mrs. [REDACTED] that the facts related did not constitute a violation of any Federal statute and that for that reason no representative of this Bureau would be able to take part in such an investigation. It was politely suggested that if she had any other matters of interest, she might wish to communicate with the Miami Field Office. She concluded by indicating that she knew Mr. Hoover personally and still has the chickens which she mentioned in her previous letter and was anxious to have him come down and have dinner with her sometime.

By reference from the Director's Office a telephone call received at the Interview Room from an unknown individual who identified herself only as "a woman who is visiting in town." She also made the unrelated inquiry as to whether the writer was a doctor and then hung up the phone.

MEMORANDUM FOR MR. LADD

RE: [REDACTED]  
Belle Glade, Florida

b7c-1

At 1:45 p.m. on May 30, 1944, the Director's Office referred a long-distance telephone call to the Interview Room. Mrs. [REDACTED] of Belle Glade, Florida, complained that her brother [REDACTED] was arrested by the police on Sunday, May 28, and had been held in custody, thereby being unable to comply with his induction orders to report on the morning of May 29, 1944.

b7c-1

The long-distance call was placed from a toll box and from the tone of her voice, it appeared that Mrs. [REDACTED] is a colored woman. She stated that she wanted some police in Belle Glade to look after the interests of her brother. She said that he was accused of fighting police officers and as a result of which he in turn was severely beaten.

b7c-1

Mrs. [REDACTED] was advised that this was a matter over which the Bureau had no jurisdiction. However, it was suggested to her that she contact the Miami Office in the event she could furnish any information which would tend to mitigate the failure of her brother to comply with the orders of his local Selective Service Board.

The results of the conversation were furnished verbally to the Director's Office.

MEMORANDUM FOR MR. LADD

b7c-1

RE: [REDACTED]  
Arlington, Virginia

*R. Cartwright*  
*Fitz*

b7c-1

At 1:00 p.m., May 31, 1944, the Director's Office referred a telephone call from the above individual to the Interview Room, 1730. Mr. [REDACTED] related a vague story about suspected sabotage of two convoys wrought by a Mr. and Mrs. [REDACTED] of Baltimore, Maryland. He stated that Mrs. [REDACTED] was a German-appearing woman. Mr. [REDACTED] allegedly has been employed by the [REDACTED] in Baltimore for a period of twenty-seven years. Mr. [REDACTED] believed that their daughter was part of the sabotage plan by virtue of the fact that one evening she introduced a soldier to her mother and father and stated that he had recently returned from overseas. From the general trend of the conversation, it appeared that Mr. [REDACTED] did not have his thoughts well coordinated.

b7c-1

Mr. [REDACTED] advised that on May 30, 1944, he "walked away" from the Perry Point Veterans Hospital and proceeded to the home of his brother in Arlington, Virginia, the telephone number [REDACTED] being that of his brother at the captioned address.

b7c-1

This information as obtained from Mr. [REDACTED] was relayed to Supervisor R. F. Cartwright, Room 5712, in order that he might refer the matter to the Veterans Administration if deemed advisable.

RE: REVEREND [REDACTED]  
MIAMI BEACH, FLORIDA

b7c-1

Mr. [REDACTED] called at the Interview Room, 1730, at 2:00 p.m., May 31, 1944, with a complaint that too many young single cantors of the Jewish faith were being exempted from serving in the Army under the Selective Service Act.

b7c-1

Mr. [REDACTED] advised that he had contacted the FBI Office in Miami on four different occasions but as yet, in his opinion, no prosecution has been instituted as a result of his complaints.

b7c-1

It was pointed out to Mr. [REDACTED] that the Selective Service Act does not come within the investigative jurisdiction of the Bureau unless there is some allegation of a violation of the act. Mr. [REDACTED] was advised that the decision by a particular local board that cantors fall into one of the exempted classes is not within the Bureau's investigative jurisdiction in the absence of fraud or collusion.

b7c-1

It was suggested to Mr. [REDACTED] that he recontact the Miami Field Office in the event he found evidence of any collusion between members of the Selective Service Board and the selectees in bringing about deferments under the occupation of cantor.

When advised the Director was out of the city, Mrs. Davis consented to speak with an assistant. However, after checking and transferring the call to Mr. Dunker on the Interview Desk, the call was transferred back to this office inasmuch as Mrs. Davis changed her mind and would not disclose the nature of the call to Agent Dunker. Mrs. Davis then asked when Mr. Hoover would return as her business was confidential and she wished to speak with someone upon whom she could rely. She was advised the Director was not expected to return for several weeks, that he was on an extended business trip, and if she so desired, she could contact SAC Sears of the Philadelphia Office who was entirely reliable. *66-3182-234*

MEMORANDUM FOR MR. ROSEN

RE: UNKNOWN SUBJECT;  
Call from telephone  
Hobart 3835, Washington, D. C.  
MISCELLANEOUS - INFORMATION CONCERNING

By reference from the Director's Office, a woman telephonically con-  
tacted the Bureau on June 14, 1944, and identified herself only as "a resident  
of Washington". She objected to the picture appearing on the cover of the Washington  
Telephone Directory, which is described as a picture of an individual having lightning  
rays in his hand.

The subject indicated that this was the trouble that was bothering her giving  
rise to the inference that she was troubled by electric rays and was otherwise  
mentally deficient. She refused to disclose her name, but stated she was calling  
from Hobart 3835 and had formerly been working for the Telephone Company.

RECOMMENDATION

RE: MISS [REDACTED]  
MISS [REDACTED]  
INFORMATION CONCERNING

Dear Sir:

b7c-1

As a matter of human interest, I thought the Bureau might like to know that this office received a telephone call on June 14, 1944, from Miss [REDACTED] of [REDACTED] New York City, and Miss [REDACTED] of [REDACTED] New York City, both of whom are twelve years of age, expressing their admiration for the FBI and offering their assistance in any way possible.

The telephone call was received by Special Agent Edward M. Lane who advised that the little girls, in childish voices, admitted that they were only twelve years of age but said that they "liked the FBI very, very much". They expressed the hope that they not be regarded as "silly" for calling and stated they simply wanted us to know they would be willing to do any little job they could if the FBI had one for them. They said they did not desire any pay for their services. They further said that any job assigned to them would have to be a little job because they were "little girls".

b7c-1 The Misses [REDACTED] and [REDACTED] were thanked by Special Agent Lane and it is suggested that the Bureau may desire to direct letters of appreciation to them.

Congressman Joe Hendricks of Florida called me this morning. He has a wire from some of his constituents at Crystal River, Florida. The wire requests Federal investigation on the firing of a commission fishing boat which operates in the Gulf of Mexico.

I advised Mr. Hendricks that this was not a matter within our jurisdiction, that he should communicate with the Coast Guard.

DATE: July 3, 1944

SUBJECT:

b7c-1

By referral from the Director's Office the writer received a telephone call from an individual representing himself as [redacted] who gave his residence as [redacted] Washington, D. C.

b7c-1

Mr. [redacted] stated that yesterday he received a telephone call from an individual who identified herself as the wife of Mr. Hoover of the F.B.I. and talked to him concerning [redacted]. Mr. [redacted] stated that he was unable to determine the purpose of the call. He stated that his recollection of it was that it was about [redacted] employment, how long she had been working, and so forth. Mr. [redacted] was unable to give any coherent statement as to the details of the conversation except that it concerned [redacted] and came from the party who reported herself to be Mr. Hoover's wife.

Lee [redacted]

b7c-1

Mr. [redacted] then inquired as to whether or not [redacted] was employed by this Bureau. Upon being advised by the writer that this information was not available, Mr. [redacted] mentioned several individuals with military titles, presumably superiors of [redacted]. [redacted] advised that [redacted] who resided in his residence, was married to his brother-in-law. Mr. [redacted] stated that he was perplexed upon receiving the telephone call yesterday and was ignorant of its purpose or meaning. He did, however, offer the suggestion that it probably dealt with "domestic difficulties".

b7c-1

The writer thanked Mr. [redacted] for communicating with the Bureau and requested that if, in the future, any information of interest to this Bureau came to his attention, that he transmit it to us.

Mr. John P. McHugh of the Director's Office was advised telephonically of the above information.

MEMORANDUM FOR MR. D. M. LADD

67C-1

By reference from the Director's Office, I talked with a Judge [redacted] (phonetic), who was calling from Trenton, New Jersey. He stated they were selling liquor to minors at Colonial Cottage, an inn near Mount Holly, New Jersey, and he desired someone to go out and check up. I advised him that this was not a matter within our jurisdiction and was a local or state matter.

67C-1

From his conversation, [redacted] apparently isn't a Judge and was very intoxicated at the time he called. He talked very incoherently and insisted several times that the FBI should check this matter. [redacted] stated later in the conversation that he was with the FBI and worked in the Trenton Office and wanted to know if he could pick them up. I again told him we have no jurisdiction as there is no Federal law being violated and could not advise him in the matter.

An anonymous person called thru the operator from Jersey City, New Jersey, and was most insistent in his demands to speak with Mr. Hoover. When advised the Director was out of the office and his return indefinite, the caller emphatically declined to give his name or speak with an assistant. He stated he was in the Secret Service in the last war, that he had written to the Director, but that the mail had been intercepted, and he wished to know if there is a Catherine Snyder in this office. (The Movement Section has no record of an employee by this name.) He stated he intended to keep calling until he contacts Mr. Hoover and mentioned he will come to Washington if necessary to take up with Mr. Hoover the matter of his mail being tampered with.

At approximately 5:30 p.m., July 28, 1944, the above entitled individual called the Director's Office, inquiring for Mr. Hoover, and the call was transferred to SA Cary Carlton on the Complaint Desk.

b7c-1 The caller first stated that he was Father [REDACTED] and stated immediately that he wanted to see the Director at 10:00 a.m. Tuesday. When asked if he were acquainted with the Director, he at first indicated that he was and later stated that he had "met him one time".

The caller stated that he "had something for Mr. Hoover". He refused to elaborate on the nature of what he had and talked in an incoherent manner throughout the conversation. The nature of the conversation indicated that the caller might be intoxicated.

It was noted that when the interviewing Agent would attempt to answer a question of the caller or make a suggestion, the caller would invariably interrupt and continue to talk.

b7c-1 Mr. [REDACTED] stated at various times that he was "an enlisted man in the Navy" and later that he had an honorable discharge. He would frequently go into a raucous laughter, and the entire nature of his conversation and conduct indicated he was not a member of the clergy.

The caller finally insisted on getting the name of the interviewing Agent, and when this was furnished stated that he would call in Washington on Tuesday morning and furnish the information he had to the interviewing Agent. He first indicated that he would like to meet the interviewing Agent "in front of the Capitol" rather than at the Bureau. He was furnished with the address of the Bureau, and any further information which is received indicating that he actually is a member of the clergy or is in any way known to the Director, will be forwarded.

The caller would only state that he was calling from "Southern Maryland". The Communications Section has advised that the call originated in La Plata, Maryland.

MISCELLANEOUS

b7c-1

At the above time a call from a Miss [redacted] of Chicago was referred to the writer by the Director's Office.

b7c-1

Miss [redacted] advised that the "fix" was on again and that it was "as hard as the Rock of Gibraltar." She said that she was being framed and "fixed" by the old Capone gang and the Thornton whiskey crowd as well as the I.C. conductors and engineers. She added that this was a matter of long standing and that the first consisted of a narcotic frameup engineered by the groups previously mentioned.

Telephone Calls

b7c-1

Miss [redacted] said that the Chicago FBI has been protecting her at times and also that Mr. Hoover knew about her situation. She said that she did not want to be framed and wanted the Bureau to "smash the fix."

b7c-1

The writer attempted to obtain further information from Miss [redacted] but she continued repeating the above information and it was impossible to obtain anything coherent from her. She ended the conversation abruptly by saying that she wanted the FBI to "smash the fix," at which point she hung up.

b7c-1

The Bureau files were checked but no record could be located on Miss [redacted]

RECOMMENDATION

In view of the obvious psychopathic nature of this call it is recommended that action be taken.

*b7C-1*

A long distance telephone call was referred to the writer in the Interview Room by the Director's office on October 7, 1944 from *[redacted]* Petersburg, Virginia.

*b7C-1*

This individual complained that "too many people know my number". He insisted that the writer "put this down in black and white because when people learn to do right themselves they will do right to others". He then went into a dissertation on the fact that he was a member of the Baptist church and wanted to know the church preferences of different Bureau employees. Naturally he was advised that this had no pertinency to his complaint. It was obvious from the incoherent nature of *[redacted]* conversation that he was either intoxicated or is a psychopathic case.

RECOMMENDATION

In either situation, no action should be taken. The Bureau files are negative.

MEMORANDUM FOR MR. LADD

RE: MRS. ██████████  
Constantine, Michigan  
MISCELLANEOUS (X).

b7C-1

b7C-1

Mrs. ██████████ of Constantine, Michigan, contacted the Director's Office at 2:40 p.m., October 17, 1944, by long-distance telephone at which time the call was referred to the general complaint desk.

b7C-1

Mrs. ██████████ desired to advise the Bureau that a friend of hers, one Annette Dickerson of Constantine, Michigan, had been found dead Saturday noon, October 14, 1944, on a lonely road near Constantine. She stated that Miss Dickerson was approximately 42 years of age and according to the coroner's report had been dead approximately two days. The Constantine undertaker, Mr. Palm Gisler, refused to let Mrs. ██████████ view the body of Miss Dickerson because of its state, and this aroused Mrs. ██████████ suspicions. She stated that she had discussed the matter with the White Pigeon, Michigan, State Police Barracks and had been advised that there was no interest in the matter for the FBI.

b7C-1

Mrs. ██████████ was unable to furnish any information which would indicate an interest in this matter to the Bureau and stated that she just thought it was peculiar that she had not been allowed to view the body of her friend and wanted the FBI to have this information. She was advised that the Bureau had no jurisdiction in the matter.

b7C-1

The indices of this Bureau fail to reflect any information identifiable with either the informant, Mrs. ██████████ or Miss Annette Dickerson.

RECOMMENDATION:

No action is deemed necessary.

Reference is made to the Director's Office Record of Telephone Call dated October 10, 1944 concerning a Mrs. [REDACTED] of Cuban nationality who telephonically advised she wished to speak with the Director. She stated she had communicated with the Director in the past through the Cuban Ambassador, but her letters were not answered. She conveyed the idea that either she or her husband was being persecuted by the Bureau and said she would "blast the entire story in the papers" unless she could see the Director.

C. L. [REDACTED]

### ACTION

b7c-1

After being calmed down somewhat, Mrs. [REDACTED] was transferred to Supervisor James P. Joice and consented to come to the Bureau on October 11, 1944 to speak to a Bureau representative.

b7c-1

Mrs. [REDACTED] did not appear at the Bureau on October 11, 1944. Bureau records fail to indicate any incoming communications from Cuban Ambassador Sr. Aurelio F. Conchoso regarding a Mrs. [REDACTED] during 1944. In view of lack of further identifying data, the name "Mrs. [REDACTED]" was not searched through Bureau files. Personnel in the SIS Section who were assigned to Cuba could not recall any Mrs. [REDACTED] although they advised this is a common Spanish name.

### RECOMMENDATION

No further action is believed warranted in the instant matter.

SUBJECT: UNKNOWN SUBJECT  
MISS [REDACTED] Informant  
ESPIONAGE //

At 2:50 p.m. a telephone call was referred from the Director's Office to the writer at the complaint desk. This call was from Miss [REDACTED] who resides at Barton Hall, West Potomac Park, and is employed by the Quartermaster Corps, War Department.

Miss [REDACTED] stated that she believed there was a spy in the White House and that the following is her reason for this belief. She advised that about two years ago she was ill and went to a German doctor in her home at Mt. Jackson, Virginia. This doctor prescribed some pills for her and told her to take eight of them. She advised she took two and became very sleepy and felt that if she had taken the eight would have suffered some ill effects. She believed that this doctor had prescribed an overdose of some sort to her as a result of a letter she had previously written to the President telling him how Hitler could be killed. She stated that she was suspicious in this particular incident because, after all other communications she had sent to the President, she had received an answer and in this particular instance no answer was forthcoming. Miss [REDACTED] was unable to give the name of the German doctor who she stated was in Mt. Jackson for but a few months during 1942. She was thanked for the information and told it would receive appropriate attention.

ACTION: It is recommended that this memorandum be filed for information purposes.

MEMORANDUM FOR MR. ROSEN

RE: MISS [REDACTED]  
INFORMATION CONCERNING; MISCELLANEOUS

b7c-1

b7c-1

By reference from the Director's Office, Miss [REDACTED] Tampa, Florida, called the complaint desk at 5:05 p.m., on November 4, 1944, and stated she had some secret information she wished to give.

b7c-1

Miss [REDACTED] conversation was almost indistinguishable but was gathered that she appeared reluctant to give this information and she said that perhaps she would give it directly to the Florida Office. During the conversation she hung up three times and it was necessary for the operator to call her back. She concluded the conversation by saying that she guessed she became overexcited and that the call was probably unnecessary. It was impossible to make any sense out of her telephone conversation.

ACTION:

That this memorandum be filed for information purposes.

Respectfully,

*D. J. Williams*
