Re: Newark letter to Director dated June 15, 1954 captioned as above, and report of SA [redacted] dated April 29, 1954, at Boston, Massachusetts, entitled "Dr. PHILLIP GEORGE FRANK, Security Matter - C"; Newark File 100-39046.

The file of Dr. PHILLIP GEORGE FRANK at Boston was reviewed as requested in the above-referenced letter, and the information located, which may possibly be of value to the Newark Division in its investigation concerning the above-captioned subject, is as follows:

The report of SE [redacted] dated June 23, 1953, at Washington, D.C., entitled, "Changed: Dr. PHILLIP G. FRANK, wa., Security Matter - C", Washington Field Office File 100-26310, reflects that the Central Office, INS, Alien Registration File No. A-4097137, relating to PHILLIP FRANK, was reviewed by SE [redacted] on June 16, 1953. This record shows that an Alien Questionnaire was executed on October 11, 1954 by [redacted] Special Study Group, Columbia University, Division of War Research, 50th floor, 350 Fifth Avenue, New York City.

In connection with the proposed employment of PHILLIP G. FRANK as a member of the Scientific Staff to do work on classified research for the Office of Scientific Research and Development, this questionnaire reflects that PHILLIP FRANK had set out as a reference one [redacted] University of Chicago, Professor, known for ten years".

Inasmuch as CARNAP is also employed at the University of Chicago, it is suggested that consideration be given to interviewing [redacted] for any information he may have concerning the subject.

[REDACTED]  
[REDACTED] U. S. Department of State.

It is noted that [REDACTED]

[REDACTED] in the 1930's.

An Indianapolis letter to the Director, dated January 15, 1954, captioned "Dr. PHILLIP G. FRANK, Security Matter - C", Indianapolis File 100-10600, reflected that [REDACTED]

[REDACTED] who resides at [REDACTED] was interviewed by SA [REDACTED] on December 17, 1953 regarding Dr. FRANK.

[REDACTED] furnished information concerning FRANK, and stated he had first become acquainted with FRANK in about 1924 at the University of Prague. He further advised that there is another former professor in the German section at the University of Prague in the United States at the present time whose last name is CARNAP.

He stated that Professor CARNAP had left the University of Prague about the same time as Dr. FRANK, approximately 1938, and he thought that Professor CARNAP and Dr. FRANK had carried on a correspondence and might still do so.

The two met and exchanged professional ideas at several European conferences of scholars prior to World War II. FRANK was then an exponent of Logical Empiricism, a philosophical movement which attracted many supporters whose complexion ranged from extreme left to extreme right.

Professor (FNU) ROUGIER, a French exponent, is now identified in France with rightist political views.

Professor (FNU) CARNAP, also French, now at the University of Chicago, is reported to have influenced Neo-Thomism and other French Catholic philosophical doctrines toward Logical Empiricism.

Reference is made to Bureau letter to Newark dated April 7, 1954 in the case entitled, "Dr. PHILIPP GEORGE FRANK, SM-C", which directed that a security type investigation should be initiated for subject CARNAP in view of his continued support of programs sponsored by the COMMUNIST PARTY (CP), and Communist front groups. This letter directed that in view of subject CARNAP's association with the Institute for Advanced Study, this investigation must be conducted in accordance with current Bureau instructions as set forth in Section 87C, relating to investigations at institutions of learning.

Newark letter to the Bureau dated June 15, 1954 provided a summary of all information available in the files of the Institute for Advanced Study at Princeton, New Jersey concerning subject CARNAP. Continued investigation around that place has revealed that subject CARNAP was seriously ill most of the period that he resided at Princeton, N. J., and on August 31, 1954 when he was removed to Los Angeles, California, where he expects to be associated with the University of California. He has specialized in the past both in Mathematics and Philosophy.

The Los Angeles Office is requested to verify the arrival of subject CARNAP at the University of California. When he left Princeton, N. J., he stated he had no specific address to which mail could be forwarded at Los Angeles, California other than the University of California there.

ck

For the information of the Los Angeles Office subject CARNAP was born May 18, 1891 at Wuppertal, Germany;

received his Ph. D. Degree at the University of Jena, Germany in 1921, was employed as Professor of Mental Philosophy at the German University of Prague, Czechoslovakia from 1931 to 1935, and from 1936 to the present has been engaged as Professor of Philosophy at the University of Chicago, Chicago, Illinois; From 1942 to 1944 he conducted research under a grant provided by the Rockefeller Foundation but the locality in which this research was conducted is not known. In September 1952, while still a member of the faculty of the University of Chicago, he came to the Institute of Advanced Study, Princeton, N. J. to conduct independent research in Mathematics for two academic years.

In view of the subject CARNAP's illness for the two years, while he resided at Princeton, N. J., few people there became closely associated with him. Several who were possibly fairly well acquainted with him have been absent during the summer vacation and the Newark Office will attempt to interview them and promptly submit a report as soon as they arrive back at Princeton, N. J.

Inasmuch as the Newark Office initiated this inquiry at the directions of the Bureau in referenced letter, entitled "Dr. PHILIPP GEORGE FRANK, SM-C", and Chicago letter to the Bureau dated April 12, 1954, indicates that the Chicago Office has a file on the subject (Chicago file 100-28662), the Chicago Office is requested to advise Newark of the status of this case, and the present office of origin.
