ADMINISTRATIVE:

This is an interim report covering briefly the location, arrest and removal of subject BROWN to Oregon, the search of the residence, pickup and other areas known to have been utilized by subjects and possibly others, the indictment of subject COUPEZ, and other miscellaneous material of apparent immediate interest in the investigation and prosecution of this case.

A report to include results of intensive investigation to locate other subjects, identify associates, catalogue specific evidence and generally supplement information herein is currently in preparation to be submitted as early as possible.

Note that, agents from both the San Francisco and Portland Offices personally appeared at Seattle to aid in gleaning leads of immediate moment in attempt to affect the earliest apprehension possible of remaining subjects and to aid in identification of evidence of both Federal and local crimes.

Additionally expert fingerprint and document examiners from FBI Laboratory and Identification Division surveyed the evidence recovered, preliminarily examined documents for handwriting, dusted certain items for latent prints and furnished counsel to investigative agents relative to submission of evidence.

Contact is being maintained with the Bureau relative to computerizing the list of evidence recovered to assure that such evidence is easily retrievable at a later date and to aid in the ultimate prosecution of this matter.

Specific investigative leads are being set out by separate communications as they develop on a continuing basis and will not be duplicated in this report.

Result of examination:

It was concluded that the typewriter element, Q35, was not used to prepare any of the questioned documents, Q1, Q4 and Qc3, previously submitted and Q17 through Q34.

It was determined that more than one typewriter style was used in the preparation of the submitted typewritten documents. Examples were noted in Q18 and Q23. Because some of the typewriting does not contain sufficient comparable letters when compared with other documents, and because of the lack of sufficient identifying defects in the typewritten letters, it could not be determined whether the same typewriter or style of typewriter was used for these items. Some of the photocopies listed separately by Q numbers are photocopies of other submitted specimens, such as Q21, Q24, Q27, Q30 and Q33 which are photocopies of Q20 and Q25, Q28, Q31 and Q34 which are photocopies of Q22.

It was determined the typewriter element, Q35, was not used to prepare the demand note, Q1, previously submitted in the case entitled, "RITA DARLENE BROWN; UNSUB (1); Peoples National Bank, Seattle, Washington, 9/19/77, BR".

Q17 through Q34 were photographed and samples of typewritten impressions were obtained from Q35. Q17 through Q35 are being returned separately with the results of the requested latent fingerprint examination.

The Seattle Division was not notified of this bombing matter until October 17, 1977, by the King County Police Department, Seattle, Washington, inasmuch as it had not been determined that the incident had been perpetrated by a revolutionary group. On October 17, 1977, several agencies received a communique from the George Jackson Brigade which claimed credit for the bombing.

67D { [REDACTED]
Therefore, jurisdiction of this matter was not assumed by the FBI until October 17, 1977. Because of these factors, the initial investigation and crime scene was done by the King County Police Department.

67D { [REDACTED]
The crime scene was conducted by King County Police Department officers who are Redstone Arsenal trained bomb technicians.

Following captioned bombing, all appropriate Seattle Division sources were contacted, however, no positive information regarding the George Jackson Brigade was obtained. Copies of the George Jackson Brigade communique are contained in this report.

Seattle Division is currently working the George Jackson Brigade (GJB) claimed bombings and bank robberies as a special investigation. RITA DARLENE BROWN, self acclaimed member of the GJB, was apprehended by Seattle Agents on November 4, 1977, and she subsequently pled guilty to charges of armed bank robbery on January 11, 1978, at Portland, Oregon. On February 21, 1978, BROWN appeared in United States District Court, Portland, Oregon, and was sentenced to custody of the United States Attorney General for a period of twenty-five years for bank robbery and five years for firearms violation. BROWN was immediately transported to Federal Correctional Facilities at Pleasanton, California. All Seattle GJB cases are being coordinated through Seattle file 91-4769, BUfile 91-60165, captioned:
