

1989. The applicant further represents that he relied on the advice and counsel of Mr. Gorman prior to engaging in the Sale of the Property. The applicant states that Mr. Gorman was kept abreast of all developments relating to the transaction. The applicant further states that Mr. Gorman advised that the transaction as executed would be acceptable under applicable law as long as it would be documented by a qualified real estate appraiser that the price was at its fair market value.

6. The applicant retained the services of Mr. William R. Johnson (Mr. Johnson), MAI, an accredited appraiser with the Johnson Real Estate Services, Inc., located in Fredericksburg, Virginia. Mr. Johnson appraised the Property on April 25, 1998. Mr. Johnson represented that he is a certified general real estate appraiser, and represented that he and his firm were independent of the parties involved. After analyzing the Property, Mr. Johnson concluded that the fair market value of the Property, the "as is" market value of the fee simple interest in the Property, was \$125,000. In reaching this conclusion as to the value of the Property, Mr. Johnson used the sales comparison approach. Last, Mr. Johnson indicated in his report that the exposure time for this value is about 10 months and the estimated marketing time to be between 9 and 12 months.

7. The applicant represents that on November 6, 1998, he purchased the limited partnership interests from the Plans for \$125,000, the value of the Property as appraised by Mr. Johnson within the exposure time of 10 months.

Mr. O'Neill allocated \$49,874 to the Profit Sharing Plan for its interest and \$75,126 to the Money Purchase Plan for its interest. Mr. O'Neill determined to convert the Property into an office building for Cullen Inc. The cost of the conversion was \$245,000. The applicant represents that Cullen Inc. currently leases the Property.

8. The applicant represents that in late 1998, Cullen Inc. learned that Mr. Gorman had sold his business and his company and left the area. O'Neill secured the services of Phipps, Buckholder, located in Fredericksburg, Virginia, to provide administrative services and tax return preparation for the Plans. Phipps, Buckholder discovered the prohibited transaction during the review of the records of the Plans. Shortly thereafter, the applicant voluntarily sought advice from counsel and accordingly, filed this exemption application with the Department.

9. The applicants represent that the exemption would be administratively feasible in that unwinding the transaction would likely cause losses to

the Plans. It is in the interest of the Plans' participants and beneficiaries because the Plans' assets are now more liquid and investments can be more diversified. It is protective of their rights because the parties to the transaction obtained an independent appraisal prior to consummating the transaction and the purchase price of the Property was equal to its fair market value.

10. In summary, the Applicant represents that the requested retroactive individual exemption will satisfy the criteria of section 408(a) of the Act for the following reasons: (a) the Sale was a one time transaction for a lump sum cash payment; (b) the Plans received the fair market value of the Property at the time of the transaction; (c) the fair market value of the Property was determined by an independent, qualified real estate appraiser; and (d) the Plans paid no commissions or other expenses relating to the Sale.

General Information

The attention of interested persons is directed to the following:

(1) The fact that a transaction is the subject of an exemption under section 408(a) of the Act and/or section 4975(c)(2) of the Code does not relieve a fiduciary or other party in interest of disqualified person from certain other provisions of the Act and/or the Code, including any prohibited transaction provisions to which the exemption does not apply and the general fiduciary responsibility provisions of section 404 of the Act, which among other things require a fiduciary to discharge his duties respecting the plan solely in the interest of the participants and beneficiaries of the plan and in a prudent fashion in accordance with section 404(a)(1)(b) of the act; nor does it affect the requirement of section 401(a) of the Code that the plan must operate for the exclusive benefit of the employees of the employer maintaining the plan and their beneficiaries;

(2) Before an exemption may be granted under section 408(a) of the Act and/or section 4975(c)(2) of the Code, the Department must find that the exemption is administratively feasible, in the interests of the plan and of its participants and beneficiaries and protective of the rights of participants and beneficiaries of the plan;

(3) The proposed exemptions, if granted, will be supplemental to, and not in derogation of, any other provisions of the Act and/or the Code, including statutory or administrative

exemptions and transitional rules. Furthermore, the fact that a transaction is subject to an administrative or statutory exemption is not dispositive of whether the transaction is in fact a prohibited transaction; and

(4) The proposed exemptions, if granted, will be subject to the express condition that the material facts and representations contained in each application are true and complete and accurately describe all material terms of the transaction which is the subject of the exemption. In the case of continuing exemption transactions, if any of the material facts or representations described in the application change after the exemption is granted, the exemption will cease to apply as of the date of such change. In the event of any such change, application for a new exemption may be made to the Department.

BILLING CODE 4510-29-U

DEPARTMENT OF LABOR

Pension and Welfare Benefits Administration

[Prohibited Transaction Exemption 2000-01; Exemption Application No. D-10755, et al.]

Grant of Individual Exemptions; South Central New York District Council of Carpenters Pension Fund (the Fund), et al.

AGENCY: Pension and Welfare Benefits Administration, Labor.

ACTION: Grant of Individual Exemptions.

SUMMARY: This document contains exemptions issued by the Department of Labor (the Department) from certain of the prohibited transaction restrictions of the Employee Retirement Income Security Act of 1974 (the Act) and/or the Internal Revenue Code of 1986 (the Code).

Notices were published in the **Federal Register** of the pendency before the Department of proposals to grant such exemptions. The notices set forth a summary of facts and representations contained in each application for exemption and referred interested persons to the respective applications for a complete statement of the facts and

representations. The applications have been available for public inspection at the Department in Washington, D.C. The notices also invited interested persons to submit comments on the requested exemptions to the Department. In addition the notices stated that any interested person might submit a written request that a public hearing be held (where appropriate). The applicants have represented that they have complied with the requirements of the notification to interested persons. No public comments and no requests for a hearing, unless otherwise stated, were received by the Department.

The notices of proposed exemption were issued and the exemptions are being granted solely by the Department because, effective December 31, 1978, section 102 of Reorganization Plan No. 4 of 1978, 5 U.S.C. App. 1 (1996) transferred the authority of the Secretary of the Treasury to issue exemptions of the type proposed to the Secretary of Labor.

Statutory Findings

In accordance with section 408(a) of the Act and/or section 4975(c)(2) of the Code and the procedures set forth in 29 CFR part 2570, Subpart B (55 FR 32836, 32847, August 10, 1990) and based upon the entire record, the Department makes the following findings:

(a) The exemptions are administratively feasible;

(b) They are in the interests of the plans and their participants and beneficiaries; and

(c) They are protective of the rights of the participants and beneficiaries of the plans.

South Central New York District Council of Carpenters Pension Fund (the Fund) Located in Johnson City, New York

[Prohibited Transaction Exemption 2000-01; Exemption Application No. D-10755]

Exemption

The restrictions of sections 406(a), 406(b) (1) and (2) of the Act and the sanctions resulting from the application of section 4975 of the Code, by reason of section 4975(c)(1) (A) through (E) of the Code, shall not apply to: the sale (the Sale) of improved real property (the Property) to the Fund by the Local 281 Carpenters Property Corporation (the Corporation), a party in interest with respect to the Fund, provided the following conditions are met:

(a) The terms and conditions of the Sale are at least as favorable to the Fund as those obtainable in an arm's length transaction with an unrelated party;

(b) The Fund purchases the Property for cash from the Corporation for the lesser of \$250,000 or the fair market value of the Property as of the date of the Sale;

(c) the Sale is monitored and approved by an independent fiduciary acting on behalf of the Fund;

(d) The Sale is a one-time transaction for cash; and

(e) The Fund pays no fees or commissions in connection with the Sale.

For a more complete statement of the facts and representations supporting the Department's decision to grant this exemption, refer to the notice of proposed exemption published on December 17, 1999 at 64 FR 70740.

Written Comments

The Department received one comment from interested persons (the commentator) regarding the notice of proposed exemption (the Notice).

With respect to the comment received by the Department from the commentator, the letter expressed total opposition to the proposed transaction. The letter further stated that "the money was meant to be for pension purposes * * * "and that the commentator "will lose by this deal." The commentator lastly remarked that the "money could grow through [other] investments.

The applicant had the Fund's independent fiduciary, Mr. John P. Jeanneret, Ph.D. (Mr. Jeanneret) respond to the commentator * * * "In this regard, Mr. Jeanneret stated that the purchase of the Property constitutes a prudent investment and that the Fund will obtain the Property at a favorable price, which is 16% less than the equalized value of the property's tax assessment and equivalent to the fair market value of the property as if it was vacant land and ready for redevelopment. In addition, Mr. Jeanneret stated that the proposed transaction is an appropriate investment for the following reasons: it represents less than 1% of the Fund's assets, it would relieve the Fund of the continued obligation to pay rent, and it would provide additional income for the Fund in the form of rent from the Property's other tenants. Mr. Jeanneret, lastly, reminded the commentator that "the Fund is a defined benefit plan that must provide promised retirement benefits to its participants, regardless of investment downturns or depressed real estate values." Mr. Jeanneret continued by stating that given the ratio of plan assets this investment represents, 1%, "the impact of an investment downturn or depressed real estate value * * * "

would not affect the security of * * * "guaranteed pension benefits."

The Department believes that the Fund's purchase of the Property is consistent with the Fund's investment objectives, in the interests of the participants, and is protective of the Fund and its participants. Accordingly, based on the entire record, the Department has determined to grant the exemption as proposed.
