DEPARTMENT OF LABOR

Pension and Welfare Benefits Administration

Proposed Extension of Information Collection Request Submitted for Public Comment and Recommendations; Prohibited Transaction Class Exemption 76-1

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, provides the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA 95) 44 U.S.C. 3506(c)(2)(A). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Pension and Welfare

Benefits Administration is soliciting comments concerning the proposed extension of a currently approved collection of information, Prohibited Transaction Class Exemption 76-1. A copy of the proposed information collection request can be obtained by contacting the employee listed below in the contact section of this notice.

DATES: Written comments must be submitted on or before August 3, 1998. The Department of Labor (Department) is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

ADDRESSES: Gerald B. Lindrew, Department of Labor, Pension and Welfare Benefits Administration, 200 Constitution Avenue, NW, Washington, D.C. 20210, (202) 219-4782 (not a toll-free number), FAX (202) 219-4745.

SUPPLEMENTARY INFORMATION:

I. Background

Prohibited Transaction Class Exemption 76-1 permits parties in interest, under specified conditions, to (A) make delinquent employer contributions, (B) receive loans, and (C) obtain office space, administrative services and goods from plans. In the absence of this exemption, certain aspects of these transactions might be prohibited by section 406 of the Employee Retirement Income Security Act (ERISA).

II. Current Actions

This existing collection of information should be continued because without the relief provided by this exemption, contributing employers would not be able to make late or partial payments to plans, even in justifiable circumstances; contributing employers would be unable to obtain construction financing from

plans and the plans would be denied this investment opportunity; and plans would not be able to receive income from leasing available office space or provide services to certain parties in interest. The recordkeeping requirements incorporated within the class exemption are intended to protect the interests of plan participants and beneficiaries. Each part of the exemption differs somewhat in paperwork. Under Part A, the terms of an arrangement or agreement between a plan and a participating employer extending time for a contribution or accepting less than the amount owed must be set forth in writing. Also, a determination by a plan to consider an unpaid employer contribution as uncollectible must be set forth in writing. Under Part B, before a construction loan is made by a plan to a participating employer, the employer and the plan must receive a written commitment for permanent financing from a person other than the plan concerning full repayment of the loan upon completion of construction. In addition, the plan must maintain for six years such records as are necessary to enable the Department, Internal Revenue Service (IRS), et al., to determine whether the conditions of the exemption have been met. Part C permits plans to lease office space and provide administrative services or sell goods to a participating employer or union or to another plan. Under Part C, the plan must maintain for six years following the date of termination of the lease or of the provision of services such records as are necessary to enable persons from the DOL, IRS, et al., to determine whether the conditions of the exemption have been met.

AGENCY: National Science Foundation.

ACTION: Notice.

SUMMARY: Under the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3501 *et seq.*), and as part of its continuing effort to reduce paperwork and respondent burden, the National Science Foundation (NSF) is inviting the general public and other Federal agencies to comment on this proposed reinstatement of information collection with changes.

DATES: NSF should receive comments on or before August 3, 1998.

ADDRESSES: Submit written comments to Anita Eisenstadt, Assistant General Counsel, through surface mail (National Science Foundation, 4201 Wilson Boulevard, Room 1265, Arlington, Virginia 22230); e:mail (aeisenst@nsf.gov) or fax (703-306-0149).

SUPPLEMENTARY INFORMATION: *Abstract:* The National Science Foundation, pursuant to the Antarctic Conservation Act of 1978 (16 U.S.C. 2401 *et seq.*) ("ACA") regulates via a permit system certain activities in Antarctica. The subject form is used by NSF to collect information needed in permit administration. The ACA was amended in 1996 by the Antarctic Science, Tourism, and Conservation Act and NSF is revising its regulations, and making minor revisions to the ACA permit application form, to implement these statutory amendments. The information collection cited in this notice is contained in the proposed rule found elsewhere in this issue of the **Federal Register**.

Expected respondents. Respondents may include individuals, for-profit, Federal agencies, non-profits, and small businesses. The majority of respondents are scientists at educational institutions who plan to conduct scientific research in Antarctica.

Burden on the Public. The Foundation estimates that a total annual reporting

and recordkeeping burden of ten hours will result from the collection of information. The calculation is 20 respondents \times 1 response per year \times 1/2 hour/respondent = 10 hours.
